

LGCC Philosophy Statement

1. Family, Community & Nurturing

Little Graces was built on the foundation of love of family. We believe that when children feel safe, secure and loved for who they are, they thrive – the children are our priority.

Partnerships between families and Little Graces are essential to the growth and development of the individual child. We strive to create and promote these strong partnerships with families and build a sense of community that is thoughtful, warm and compassionate.

Little Graces is rooted in and contributes to our neighbourhood to help our children understand their community.

2. Inclusivity & Cultural Diversity

Each child and family bring to Little Graces a history of life experience and cultural heritage, we welcome inclusiveness and cultural diversity. Little Graces is open and accepting of all children and families and celebrates all backgrounds, cultures and needs of our families.

3. Child Safe Practices

We are committed to providing a safe, inclusive and respectful environment for all children and young people. The welfare of children in our care is our paramount priority and we have a zero-tolerance approach to child abuse and harm. We are dedicated to embedding a child-safe culture throughout our leadership, governance and daily practices.

4. Environmental Sustainability & Awareness

Educators support children by learning about themselves, awareness of the environment, the world and becoming environmentally responsible. The eco-conscious programs encourage and promote environment, sustainability and awareness.

5. Quality Education & Documentation of children's learning whilst they Play & Explore

Little Graces recognises the importance of exploring and play in the learning process for young children. Educators facilitate each child's development based on the child's interests and individuality. Little Graces works to empower children, promote individuality, while creating an environment that helps young children, explore, discover and be confident learners, preparing them for the next step in life.

6. Hygiene, Health & Safety

Little Graces promotes healthy lifestyles through nutritious, homemade meals and active programs. By establishing hygienic and safe practices, Little Graces will continue to foster an environment that is clean and safe for children, families and quality educators to enjoy.

I come to school to learn. I learn in school readiness, numbers and letters. I love to colour and draw

Mummy brings me to school

I like to play with my friends

I come here because I am a big boy and learn playing with lego

I like to play
